

**ORAL PRESENTATION SCHEDULE****Day 1: 06.01.2024**

| S#  | Title   |
|-----|---|
| 1.  | Efficacy of gabapentin versus pregabalin in sciatica patients: a comparative study  |
| 2.  | Enhancing elderly diabetes care: pharmacist-initiated counselling and SMS reminders impact on medication adherence and clinical outcomes                      |
| 3.  | A controlled trial evaluating the effectiveness of insulin pen usage education in improving the knowledge among diabetic patients                             |
| 4.  | Assessing the effectiveness of gabapentin in paclitaxel induced arthralgia, myalgia and neuropathic pain  |
| 5.  | Cost-effectiveness of triple therapy compared to dual therapy in patients with chronic obstructive pulmonary disease: a systematic review and meta-analysis   |
| 6.  | Prevention and treatment of phosphate retention in chronic kidney disease (CKD) patients: a quasi experimental interrupted time series study                  |
| 7.  | Unveiling the anticancer potential of etravirine: integrating pharmacovigilance analysis of immune-related adverse effects with in vitro studies              |
| 8.  | Design, development, and validation of screening tool for IV medications incompatibility in neonates  |
| 9.  | Efficacy and safety outcomes of oral tyrosine kinase inhibitors as chemotherapy in outpatients with chronic advanced cancer: a single rural centre experience |
| 10. | Exploring the link between mTOR inhibitors and interstitial lung diseases: a disproportionality analysis using FDA adverse event reporting system database    |
| 11. | Effectiveness of cognitive behavioural therapy in type 2 diabetes patients: a randomized controlled trial   |
| 12. | Implementation of childhood immunization registry: a post-pandemic intervention to analyse the recovery of the immunization gaps created by the Covid-19      |

**Day 2: 07.01.2024**

| S# | Title  |
|----|--|
| 1. | Assessment of effectiveness and tolerability of gabapentinoids among patients with neuropathic pain in a real-world setting  |
| 2. | Impact of mobile application Gicare: a prospective interventional study  |
| 3. | Individualizing colistin (CMS) dosage regimen in critically ill South Indian patients: a pharmacometric approach   |
| 4. | The impact of empirical antibiotic treatment failure: examining multifactorial predictors in urinary tract infection   |
| 5. | DPYD mutation testing and toxicity profile among patients receiving fluoropyrimidines based chemotherapy: real world experience from a tertiary oncology centre in Southern Indian |
| 6. | Machine learning and deep learning techniques for survival prediction of oropharyngeal squamous cell carcinoma: ahead of the pack  |
| 7. | A dashboard for monitoring opioids: initiating and assessing the impact of opioid stewardship program in the pain management at multi speciality hospital in South India           |
